February 12, 1982

Volume IX

TWO HOMECOMING QUEENS were crowned Feb. 2 during the annual Homecoming dance at the Trestle Lounge. It was an embarrassing moment for everyone when Tammy Rogers (above photo) was mistakenly crowned as the 1982 queen. The

actual King and Queen (in the right photo) were Tammy Preiss and Todd Peterson. All three royalty were crowned by the 1981 Homecoming King and Queen, Kerin Springer and Tim Orr.

# Kriss Philips named as the new Boone Campus Dean

Boone Campus Dean  
Kriss Philips

A Carroll man, Kriss Phillips, was named as the new dean of the Des Moines Area Community College Boone Campus Tuesday morning.

DMACC President Dr. Joseph Borgen said, "Kriss brings a tremendous background to Boone, and we have no doubts that he will do an excellent job to develop the area and the Boone Campus."

Phillips had been director of the Western Attendance Center in Carroll, prior to appointment to the deanship.

Phillips said he was "pleased to be in Boone. Boone has a rich heritage, and I certainly want to do everything I can to have close ties with the business community, the citizens and, of course, the students at our college."

He added that "Boone has always been a strong advocate of education, as evidenced by the fact that Boone Junior College was started in 1927, long before most communities saw the need for quality two-year education."

Phillips said he wants to make certain that the Boone Campus will build on the past and develop options for citizens to improve the future.

"Des Moines Area Community College has made a commitment to Boone as evidenced by the new programs we will offer next fall," he said.

Phillips said he plans to develop programs that will continue to serve the needs of the community. "I want to build strong ties to this community."

"I plan on being active and do everything I can to assist the growth of the community in any role that might provide positive community development."

Borgen praised Philips for his work at the Western Attendance Center. "Kriss made strong ties to the Carroll area and the goodwill that he has developed will continue to be an asset to our college for a long time," Borgen said.

Phillips was born in Van Buren, Iowa and graduated from Douds-Leando Consolidated high school in 1957. He has a bachelor's degree and two master's degrees from Northwest Missouri State University, in Kirksville, Mo. One of graduate degrees is in administration, the other is in counseling.

He has also attended numerous workshops at the University of Iowa and Drake University.

In 1963 he was named the "most promising young administrator of East Missouri."

He has been a supervisor at Olds, Iowa; counselor at Nevada public schools and Reinbeck public schools; secondary principal at the Waco Community School District; a coordinator of arts and sciences extension classes at Ankeny; and since 1979, the director of the Western Attendance Center in Carroll.

While in Carroll, he was a member of the board of directors for the Day Care Center, the Friends of the Library and Rotary International.

He and his wife, Joan, have six children: Susan Foggia, 27; Nancy Andrew, 25; Janet Saltzman, 20; Doug Phillips, 18; Susan Phillips, 15; and B. J. Phillips, 8.

Phillips replaces Brian Hamilton, who was dean since 1974. Hamilton retired last November.

## Spotlight on Student of the Month, Jean Golightly

BY CHERYL HURST

Many people have not tried to fight discrimination; Jean Golightly is one of the few that has tried to fight back.

Golightly wanted to compete on the wrestling team at Van Meter High School a few years back, and after receiving her parent's permission, she spoke with her school administrator.

The administrator told her that she could compete, but she had to shower with the rest of the team — who were all males. So, Golightly reconsidered.

The Van Meter High School let loose of Golightly in 1980. While in high school, she was very active. She participated in band, chorus, swing choir and drama.

Athletically she competed in track, basketball

and softball. For two years, she was an All-Conference player, and was captain of the basketball team.

Her abilities did not stop there, as she went on to be named to the sixth basketball team All-State as a forward.

In softball, Golightly obtained All-Conference honors for three years as a pitcher.

Her parents watched their daughter move to Boone last year to begin her freshman year at college. That year, Golightly participated in both Women's basketball and softball. She was also the Carve-n-toss champion of 1980. Golightly also kept busy with many intramural sports.

As a sophomore, Golightly has been busy with her duties as the recreation club president. Some students may have also seen her in the fall production of "The Silver Whistle."

Her special interests are sewing, partying, male specimens and organizing events. (Although not necessarily in that order.)

Her advice to incoming freshman is to "get involved, but don't spread yourself too thin. Study, but have time to party, too."

Golightly will never forget her nine years in 4-H, or such experiences as being crowned the Van Meter High School Homecoming Queen, or

Madison County Fair Queen, and she will always remember going out with the minister's son, or going bowling on prom night in her prom dress.

Next quarter, she will be moving to Phoenix, Arizona for her recreation practicum at the Adobe Mountain School for juveniles. She then plans to transfer to the University of Northern Iowa to continue her education in Recreational Leadership.

Jean Golightly

## Athletics ties the students together

BY JEFF JOHNSON

Campus athletics make for a unified student body.

One third of the Boone Campus students are somehow involved in athletics on campus, with their involvement ranging from players to cheerleaders to fans.

Because of the small college atmosphere, the students aren't just numbers at Boone. The athletics of the Boone Campus, DMACC have a lot to do with the kind of students attending the college.

Different reports are heard about the friendliness of the Ankeny Campus, most of which are negative. Athletics there would definitely bring together the students. A big college definitely needs sports to bring a part of the group together. People who go to school for school only, are just a number and that is no one's fault but their own.

Maybe not all students are gifted and talented enough to be an asset to a team, but there are other ways they can be a part.

Boone Campus has both male and female cheerleaders and there is always a co-educational crowd at the games.

Apathy is something you can't get around because all students are not interested in athletics. Those students that don't participate are the ones that think negatively and cut down the program.

If a student does not want to participate, then he or she should not contribute. There are a lot of people who are and are affected by the apathy of the negative person.

Scholarships also help athletes get an education. I would venture to guess that many people at colleges who have scholarships wouldn't be there without them.

Intercollegiate athletics and intramural participation plays a big part in colleges all across the nation. I have made friends because of these activities.

People who are on any kind of team feel a togetherness and unity, both mentally and physically. This feeling is a positive one or they wouldn't be there in that situation.

College athletics are here to stay and will be with us for a long time.

## The Editor's desk

Catching up for this issue has been difficult, but due to the immense success of the 1982 Homecoming celebration, there is much to "report."

I want to take this opportunity to congratulate both the Bear and Lady Bear squads on their successful Homecoming matches, as well as the 1982 King and Queen, Todd and Tammy!!!

Congratulations also to the cheerleaders and drill team members for their terrific routines. I know how much effort and preparation went into those numbers, and I want them to know that it was appreciated.

Now that February is half concluded, the winter quarter will be coming to an end. For many students (myself included) spring, 1982 will mark their final quarter at the Boone Campus. I hope that everyone will take advantage of the many springtime activities found on campus and make the most of the quarter.

Right now, however, it may seem as though the winter will never end. But it will (it always has in the past), and I just keep looking toward the warm (or even hot) days of spring and summer. During this time, potential DMACC graduates should also be checking into the graduation requirements and preparing themselves for the next academic year — wherever that may be. Students should check in the office for more information.

Happy Valentines Day everyone!!! I hope that everyone succeeds in finding the perfect valentine.

Marcia Matt

## Is apathy common among students on Boone Campus?

By YANCY POORMAN

The student body of the Boone Campus is a well-mixed breed.

However, although most of the aspects of the Boone Campus life are those of a typical college, it seems that the students could really care less as to whether or not the school had a sports program.

"Poor" wouldn't describe the attendance at the Boone athletic events. Almost all of the athletes have noticed this trend of non-support, and many feel that it affects the team's performance.

There is no such expression as "Home-field Advantage" at the Boone Campus. It is true that more students appear for spring sports, but Boone keeps its gym well heated, so why not attend some indoor sports, too.

Anybody likes to scream and howl at a skit in the lounge, and even those students that instructors consider to be quiet can be caught occasionally yelling down the hallways to a friend.

Where are these people when you need them? Boone's teams can use all of the support they can get.

Too often Boone students criticize the campus activities, calling them dull and dragging. Bahh! These people need to make an effort to find out what's going on around campus. Instead of sitting at home complaining about nothing to do, they should go out to the ballgame and enjoy themselves.

I say, don't wait for the action to find you — go find the action! It can often be found as close as the Boone Campus gymnasium.

## Money matters shouldn't hurt

By TODD JONES

Students of today should not find it impossible to attend college because of financial problems.

Financing education is largely a matter of setting some priorities. A college financial aid office can help to identify some of the many financial resources available to students.

Eligibility for financial assistance is determined by the information sent to the financial aid office. Financial assistance is based upon financial need.

Applications for financial aid can be picked up in the Boone Campus office or in the Ankeny Campus office.

Educational costs are increasing, and students who plan to attend college in the fall of 1982 can expect to pay up to \$12,000 a year at some institutions.

To help in meeting these high costs, there are basically four sources for aid. These include parents, grants and scholarships, work-study programs and loans.

When applying for financial aid, apply for everything available. Be certain to have applications to cover all of the aid programs that could possibly be of benefit.

According to the Director of Student Assistance Council of America, "Lots of money is going unclaimed because students don't know where to find funds, or they think they don't qualify."

According to Robert Freede, author of CASH FOR COLLEGE, "More than \$135 million in college funds have gone unclaimed and unused because they have not been matched up with the proper students."

Millions of dollars are available to students today to aid in continuing education. All a student must do is apply for the money available.

Chris Carney, Business Manager at the Boone Campus, said "Right at the moment, the outlook is not known because of what the Federal government is doing."

### Spring play

All students interested in participating in the spring play should attend the informative meeting on Feb. 25. The meeting will be held over the noon break and plans for a spring production will be discussed. Students are encouraged to attend and learn more about Boone Campus dramatics.

## Lots of winter action on the slopes

BY DARLA DIXON

Nelther snow nor bad road condition could stop sixteen Boone Campus students from travelling to LaCrosse, Wisc. during January for a weekend ski rip.

The group left Boone Jan. 29 at 12:30 p.m. and arrived at the LaCrosse Ramada Inn five hours later.

The skiers set out for a full day of "hitting the slopes" of Mount LaCrosse Saturday. The mid-20s temperature and a light snowfall created excellent conditions for the venture.

The more experienced skiers road the chairs to

the top and zoomed down past the newcomers — and those paying money for lessons. (A quick glance at the bunny slope skiers even created the impression of a visiting circus), but the beginners felt as though they were doing well.

The brave (and not too sore) skiers set out again Sunday morning, before returning to Boone that evening with only stiff and aching muscles.

## What does 'xylanthrax' mean to you?

By KELLY HAMMAR

XYLANTHRAX is the the February word of the month. Although it is not commonly used, its meaning is down-to-earth.

This is what some Boone Campus students think that XYLANTHRAX means:

Gary Leland — Model of Smitty's car

Teresa Hadaway — M.T.F.B.

Scott Webb — Sexual Act

Kim Beckman — New designer jeans "Gloria Xylanthrax"

Ronna Santage — New flavor of Boyds ice cream

Cheryl Hurst — Floaters in your pop bottle

Joni Shreve — Stuff you spit out of your throat in the morning

Kelly Hammar — Describes the Lady Bear basketball team

Canda Ott — Noise you make while sleeping

Ed Mathers — Sound a kee-wee makes when it poops

Sally Raemakers — Relative of a Xylophone

Greg Powers — A punk rock group

Steen Stevens — Sex Disease

Julie Campbell — Dinosaur

Marcia Matt — A term in Mr. Doran's Finite Math course

Ron Bunting — A term in Mr. Doran's Statistics course

Terri Augustus — Throat disease

Lori Powers — Musical instrument

Maggie McCarey — Fourteenth Century instrument that the sheep herders played for their lost sheep

What does XYLANTHRAX actually mean? It is another term for charcoal found in a Medical Dictionary. Better luck next month students.

## Prickett and McKay drafted

By Dick Kelly  
Boone N-R Sports Editor

Add two more names to the elite few Boone Campus baseball players who have been drafted by major league baseball teams.

Scott Prickett, a 6-5, 200-pound freshman and Troy McKay, a 6-3, 175-pound sophomore became the 15th and 16th Boone Campus athletes to gain such distinction in the past four years. Both were chosen by the Montreal Expos in the winter draft conducted annually at this time of year by Major League baseball.

McKay was the first player picked by Montreal, going in the first round and Prickett was a second-round selection. Both were chosen as pitchers although they also play other positions.

Both McKay and Prickett were somewhat surprised at being picked so early in the draft although both had received prior indication from several major league scouts that they would be chosen in the draft.

Prickett hails from Scotland, S.D. where he participated in American Legion ball prior to coming to the Boone Campus. He was on a couple of American Legion state championship teams in South Dakota and batted .395 this past summer. Prickett also found time to compile a 10-1 record as a left-handed pitcher for his American Legion team.

Prickett's says his best pitch is his curve ball and he also throws a fastball, slider and changeup. He indicated several scouts, including Bill Clark of the Cincinnati Reds, Marv Olson of the Minnesota Twins and Bob Oldis of the Expos had contacted him prior to the draft.

McKay hails from Plattsburgh, Mo. just north of the Kansas City area. He is a sophomore transfer from William Jewell College and will play the outfield as well as pitch for this spring's Boone Campus team. He was slated to be the top choice of the Cincinnati Reds but, because Montreal compiled a worse 1981 record than Cincinnati, the Expos got to pick first and tabbed McKay.

McKay's background is similar to that of Prickett in that he didn't play much high school ball. This past summer he spent time in Kansas City participating in the Van Johnson League. McKay batted around .300 there. Ironically he didn't do much pitching until he arrived at the Boone Campus.

"McKay has the best arm of anybody I've ever had here (Boone Campus)," commented Boone coach John Smith. "He has outstanding speed and an outstanding arm. In fact, his arm is probably better than three-fourths of the major league outfielders."

"Scott (Prickett) is a young kid who has a lot to learn but has a pretty loose arm," continued Smith. "A lot depends on how they (McKay and Prickett) mature mentally. If they don't sign and have a decent spring here it will make them worth a lot more."

Both Prickett and McKay indicated they would listen to any Expos' offers but indicated they would probably spend this spring competing with the Boone Campus team and just see what happens.

## Bears beat Clarinda to up their record

By ALLEN LEE

The Boone Campus Men's basketball team is slowly, but surely putting together a winning season. As of Jan. 22, the Bears had won two straight games with wins over Clarinda and Kirkwood.

As usual, the front line led the scoring with the combined efforts of Todd Peterson, Fred West and Dave Dunkelberger. The trio put in 54 and 70 points respectively.

# Bears taste the thrill of victory

BY JEFF JOHNSON

The Boone Campus Bear and Lady Bear teams both pulled out hard-fought Homecoming victories Feb. 2 at the Boone Campus gymnasium.

The Lady Bears picked a good night to pull out their fourth victory of the season by defeating the Sioux Empire ladies 65 to 53.

The Boone Campus Men's team also picked up a victory to bring their season record to the .500 mark at 8-8, when they defeated the Sioux Empire Titans by a score of 79-71.

The game started out good for the Bears when Titan Elliott Wise was assessed a technical foul for dunking the ball during the pre-game warm-ups. Dave Dunkelberger went to the line for the Bears and sunk the technical free throw for a one-point lead before the game clock even started.

The starting lead did not hold up however as the Titan men took a 34-28 halftime lead into the locker room.

Four Bear players were in double figures for the evening with freshman guard Jonathan Jackson leading the way with a career high of 22. Fred West ended up with 16, Dave Dunkelberger added 14 and Todd Peterson tallied 12.

Jackson had a 14 point second half, leading the Bears to the final margin.

The Sioux Empire men were led by Elliott Wisl with 15, John Brummel with 13 and Jerry Brackett with 12.

# Bears take Mason City

BY BILL GIERY

The Boone Bears rebounded from a loss at Mason City to defeat Marshalltown at Boone Jan. 28. This upped the record to 5-2 at home and 7-7 overall.

The Bears led throughout the game. They built an 18-point advantage that quickly diminished to 6 points midway through the second half. They then pulled away and coasted to a 16-point victory.

Throughout the second half, Boone called on sophomore forwards Fred West and Dave Dunkelberger to provide the spark.

West paced the Bears with his game high 34 points, 16 rebounds. Dunkelberger added 30 points and 11 rebounds.

## Women win some and lose some

BY CHERYL HURST

With the weather postponing many games, the Lady Bears finally started play after Christmas break on Jan. 13 against the South Western Community College of Creston.

The DMACC offense had trouble putting the ball in the hoop throughout the entire game, and Kelly Hammar was the only member to reach double figures with 11 points. The Lady Bears fell to SWCC, 35-70.

The local women went into action next against a tough William Penn Junior Varsity team, and were ahead at the half by a score of 35-28.

The Lady Bears, however, lost a lot of their momentum when Karla Martin was injured early in the second half and Penn took the game, 61-47.

Locals scoring in the game were Cheryl Hurst, 13; Hammar, 12; and Canda Ott, 8.

The Lady Bears recovered from the slump with a win over Marshalltown 56-68 later. Team work was the key to the game as even scoring was made by the squad members.

Ott, Hurst and Martin all had 15 points. Hammar wasn't far behind with 14 points, 5 assists, 8 steals and 8 rebounds. Ronna Santage also had 4 assists and 7 steals. Ott contributed 6 rebounds.

The Lady Bears traveled to Cedar Rapids next only to be disappointing in a match with a quick Kirkwood team. Boone lost the game, 85-63.

Martin played a fantastic game, however, firing in 23 points with 6 assists. She went 88 percent from the free throw line, shooting 7-8. Other players reaching double figures were Hurst, 11 and Santage, 10.

## Homecoming success

BY CHERYL HURST

The Lady Bears showed a good game to students, faculty, parents and alumni Feb. 2 when they conquered the Sioux Empire team by a score of 65-53.

DMACC fell behind a few times, but shot right back to end up on the top end. At half-time, the score was 26-22 in favor of Boone.

Excellent DMACC defense kept the Haywarden offense from controlling the scoreboard. Canda Ott led the rebounding with 16. Kelly Hammar had 13, Ronna Santage with 9 and Cheryl Hurst ended up with 8.

Hammar and Santage also flustered Sioux Empire by grabbing 4 and 3 steals respectively.

The Lady Bears made 23 of an attempted 33 free throws, figuring out at a sharp 70 percent average.

Ott led the Lady Bears in scoring with 18 points, 16 of which were scored in the second half of the game. Karla Martin was right behind with 16, as Cheryl Hurst added 10, and Santage, Hammar and Jane Peterson contributed 10, 6 and 2 points respectively.

## Intramurals underway

BY JEFF JOHNSON

Mens' basketball intramurals began Jan. 14 with a total of four teams participating.

The teams will be playing a round robin regular season with an end-of-the-season tournament to be held after the conclusion of the regular season.

On Feb. 15 the Ankeny All-Stars will come to the Boone Campus to take on the Boone Campus All-Stars. Last year, Boone beat Ankeny, and hopes to repeat the victory this year.

Intramural volleyball competition started Jan. 19 with four teams competing for the Bear State Intramural Championship. Boone Campus volleyball teams are co-educational, unlike basketball.

Bowling has neared its end with a total of 10 weeks of competition for the 10 teams that fought for the Bear State Championship. Handicap scores are used to determine winners.

## Income tax help from students

BY DARLA DIXON

Boone area residents have found that the headache of figuring income tax has been cured by allowing 15 Bookkeeping-Accounting students at the Boone Campus to take care of their income tax returns for no charge.

The students, under the supervision of Donna Bildner, are offering their services Monday-Thursday from 1-3 p.m. during the months of February and March.

This service, known as the Vita Program (Volunteer Income Tax Association), is geared for low income, elderly and handicapped people, according to Bildner.

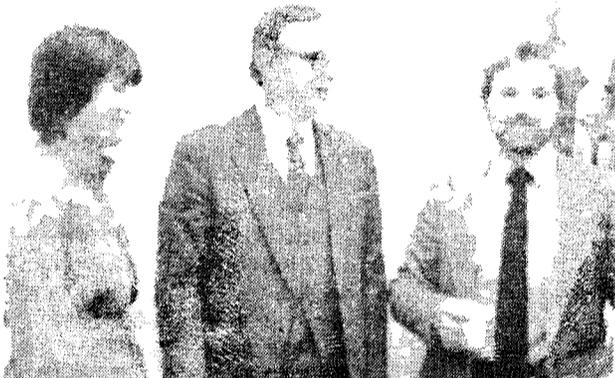

In addition to their regular classes, the students received three weeks of special training for this job, and attended an all-day seminar in Ames which was sponsored by the IRS.

Recently, Bildner also received notice that she had passed her CPA (Certified Public Accountant) test which she took in Waterloo, Iowa.

The thirty-hour examination was taken over a three-day period during November, 1981, and covered the four subject areas of accounting practice, accounting theory, business law and auditing.

Bildner has spent a year preparing for the test, and used a review class in Iowa City, independent study and a weekend seminar in Des Moines as preparation helps.

Bildner will receive her certificate in March.

BOONE CAMPUS, DMACC, was the site of an evaluation by the Iowa Department of Public Instruction in January. Visiting the campus for the evaluation was Doug Reynolds, right. Reynolds is the Consultant, Area Schools Division, of the DPI. Above, chatting with Reynolds is Pat Thieben, an office education instructor, left, and Carroll Bennett, vice president for instruction for DMACC, center.

 COMMUNITY COLLEGE

BY KIM BECKMAN

There is a new logo at the printer for DMACC. This logo was developed for use on all printed material for the college and will be available in approximately two weeks. The new design for DMACC will be found on stationary, business cards, brochures, flyers, news releases and advertising.

## Ronna Santage is an active Bear

BY KELLY HAMMAR

Ronna Santage is no ordinary person. She has been known to sleep on sidewalks in front of the Bowl-Mor in her shorts and t-shirts. But, being unique is what makes Ronna's personality.

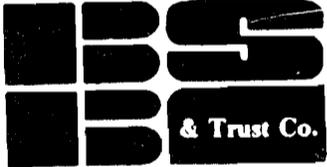

This is Santage's second year at the Boone Campus. She has participated in basketball and softball both years, and is employed by Boyds Dairy. (So, if you want an extra thick malt, ask for Ronna).

High school was a busy time for Santage. Participating in basketball, softball and track for four years, and also running cross country for two years at Boone High School left little time for much else.

Santage didn't come to Boone for her first year of college. She attended the University of Northern Iowa before deciding upon a smaller campus.

"I just wasn't through with sports, and wanted a closer relationship with my teachers. So, I decided to give Boone a try," said Santage.

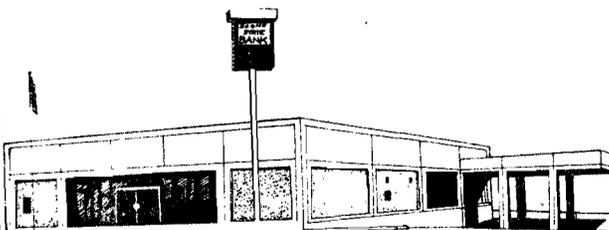

Her future following spring commencement is undecided.

# Boone shows spirit at annual Homecoming celebration

BY MARCIA MATT  
BEAR FACTS EDITOR

True "Bear Spirit" could be found on the Boone Campus Feb. 2 for the 1982 Homecoming celebration during which Tammy Priess and Todd D. Peterson were crowned as the 1982 King and Queen.

The festivities began at 11:30 a.m. with a spaghetti feed in the student lounge sponsored by Phi Beta Lambda.

The group cooked and served the Italian meal for \$1 a plate and many students and faculty members took part in the luncheon.

The Homecoming assembly got underway at 11:50 a.m. and featured the campus drill team and cheerleaders.

Student Senate vice president Marcia Matt introduced both the Bear and Lady Bear basketball squads during the event, and then brought out the drill team for a special routine.

The routine was set to "Start Me Up" by the Rolling Stones, but due to tape recorder difficulties, the action appeared as to be set to a silent movie. The drill team didn't lose their composure, however, and the pep rally continued with the Boone Bear cheerleaders who took to the floor to present some spirit raising cheers before concluding the rally.

Both squads performed again at the basketball games that evening. The drill team presented a routine to "Celebration" by Kool and the Gang, while the cheerleaders presented "It's Just A Fantasy" by Billy Joel.

Also during the evening, the Boone Bear and Lady Bear basketball squads took on the Sioux Empire Titans from Haywarden, Iowa for a double-header Homecoming match-up. Both Boone teams were victorious, making the Homecoming dance quite a celebration.

The dance was held at the Trestle Lounge and was set to a theme of "Shoot For The Stars." Many campus students, faculty and alumni attended the semi-formal dance and for them it marked one of the first dressy occasions of the year.

The coronation of the 1982 Homecoming King and Queen took place at 10:30 p.m. to highlight the Homecoming activities, and the candidates were escorted onto the dance floor by a very distinguished looking John Querio. The nominees for the crowns then awaited the big moment.

That "moment", however, took a twist when Tammy Rogers and Todd Peterson were inadvertently named as the winners. It was an awkward moment when the error was discovered, but Rogers said that she enjoyed being "queen for a minute."

Tammy Priess and Todd Peterson were then crowned as actual king and queen by 1981 royalty Kerin Springer and Tim Orr, and a royalty dance followed to the tune "One In A Million You." The entire group of candidates joined the king and queen midway through the number.

Other candidates for the title included Karla Martin, Bruce Miller, Lisa Overturf, Scott Webb, Tammy Rogers, Brett Stumbo, Kelly Hammar, David Phelps, Marcia Matt, Dave Dunkelberger, Tanya Bogie and Tim Anderson.

**Tammy Kay Priess** — Tammy Priess is the daughter of Mr. and Mrs. Merrill Priess of Rockland, Mich. and is an Associate Degree Nursing student. She is active in intramural sports and volleyball and was a member of the 1980-1981 drill team. Miss Priess plans to move to Michigan following graduation.

**Todd D. Peterson** — Todd Peterson is a 1980 graduate of South Hamilton High School and is the son of Mr. and Mrs. Tom Peterson of Story City. He is a liberal arts major and is active on the basketball team and Student Senate. Peterson plans to continue his education at a four-year institution.

## Many students named to Fall quarter Dean's list

The 1981 Fall Quarter Dean's List for the Boone Campus was recently released. Computer difficulties prevented this list from being compiled sooner. Students named to the list include:

Adams, Jeffrey	Essert, Linda
Agba, Dbumneme	Fagin, Candace
Ague, Dean	Mark, Fleischer
Albertson, Bernice	Graves, Janet
Alke, Teresa	Greene, Cindy
Anderson, Douglas	Hamil, Michele
Bein, Linda	Hanke, Mary
Bogie, Tanya	Harmann, Tannia
Burns, Daniel	Hendrickson, Lynda
Buzzell, Cheryl	Jacobsen, Judith
Chivers, Paul	Johnson, Kimberly
Clausen, Peggy	Johnson, Larry
Cofer, Carla	Johnson, Teresa
Dally, Beverly	Khosravani, Farahnaz
Deal, Melissa	Kirk, Shelly
Dixon, Darla	Kopps, Diane
Draper, Cynthia	Kurth, Patricia
Dunkelberger, David	Ladner, Ellen

Last, Lois  
Leland, Gary  
Lemke, Vicki  
Louk, Penny  
Magnani, Alan

## Cabin fever strikes

BY KIM BECKMAN

It strikes without warning. No one is immune to it and thousands of Iowans are catching this dreaded illness. Are you one of them?

The latest epidemic sweeping the Midwest is "cabin fever" (or CF for short). Some of the symptoms of C.F. DMACC students should be aware of include:

1. Extreme boredom; sometimes to tears.
2. Memorization of the TV Guide
3. Five degrees above zero feels warm
4. Gaining 30 pounds and discovering a worn path in the carpet leading from the refrigerator to your favorite chair.
5. Talking to yourself and then answering your own questions.
6. A \$200 phone bill

If you have any of these symptoms, leave your residence immediately and get out of town. This will not cure C.F. completely, but it can't do any harm.
