FUTURE TEACHERS

For those students interested in a career of teaching, read the following:

Some people say a teacher is made out of steel, Their mind can think but their body can't feel; Iron and steel and hickory tea, Frowns and gripes from 9 to 3.

You teach six full hours and what do you get? Another day older and deeper in debt. You pay your dues in this and that, Then for 29 days your billfold's flat.

I was born one morning when it was cloudy and cool, I picked up my register and headed for school. I wrote 84 names on the homeroom roll, And the principal said, "Well bless my soul". You teach six full hours and what do you get? Cuts and bruises and dirt and sweat. I got 84 kids and 42 seats, 61 talk while 23 sleep.

I can hardly get them all through the door, And if I don't watch out they'll be sending me more. I taught six full hours, my day is made, But I still have 300 papers to grade. You teach six full hours and what do you get? Another day older and deeper in debt. I'll go to St. Peter but I can't stay, I gotta come back for the P.T.A.

If after reading this, you're still interested in teaching, this next article will be of special interest to you.

MT. CONDEMNEDUS

This is the first in a series of fictional stories written for the students of Mr. Condemnedus. If you recognize any of the characters in the story, you must have an I.Q. of at least 80. In this first story, I would like to tell you a little bit about the main characters.

Of course we have gods and goddesses on Mt. Condemnedus. The father of all is the great god, Dean Abbottus, and he is faithfully assisted by the big brother to all, Taysius, who is also the god of liberalism. The gods of Mt. Condemnedus include the god of books, Tilsonus, the god of semantics, Porterus, the god of oratory, Shaefferus, the gods of mathematics, Poyzerus and Myerus, the god of business, Nippsus, the god of athletics, Johnsonus, the god of sociology, Sturtzus, the god of science, Ryanus, and last but not least, the god of music, Bertanolius. Our goddesses are more limited in number but are none the less very afficient. They include the goddess of government and civilization, Hartleyus, the goddess of semantics, Hamiltonus, the goddess of love, Barquistus, and the goddess of business, the wife of Taysius, Taysiuse, who moved to the mountain to keep track of her husband. We will have an article on each of these gods and goddesses in later issues.

Now that we have some of the characters straight, maybe I should explain the title of todays article. It serves as a reminder to the students—how sad our present facilities are. They have been condemned so many times that I thought it was a very appropriate title. It should also remind the students of the importance of their support and the publics support of the new junior college.

This is your reporter signing off until next issue.

"WHAT CHILD IS THIS?"

by Frances Rickertt

Several students from Boone Junior College will be participating in a one act play to be given October 17 at

the Episcopal Church Camp.

The play, entitled "What Child is This?", uses no props or scenery, as this is strictly up to the viewer's imagination, The plot of the play basicly centers around the role of a child in his home, church and community. Some of the characters play more than one part and most of their scripts are read instead of the usual memorization.

The cast of the play is numbered rather than named and

is as follows:

Frances Rickertt.....Actor II...Mother Ron Snider.....Actor III..Father Bernie Hohanshelt Actor IV ... Editor and minister Betty Briggs.......Actor V....Nurse and teacher Randy Davis......Actor VI...Voice of the nation and voice of television

The director of the play is Mr. Charles Schaeffer. Intermittently throughout the play, a break occurs, during which time the ministers present will discuss what they feel to be the actual role of a child in society.

The cast has enjoyed working together on the play and hope it will be a great success.
